January 2019

## 100-YEAR-OLD WHITE OAKS BECOME CHUCKWAGON

WHITE OAK LOGS GET MILLED FOR LUMBER

This newsletter consists of pictures of Allegany Boys Camp's construction of our chuckwagon building. We have been planning and looking forward to this project for years - really since Allegany Boys Camp started in 2011. We are very thankful for the opportunity to expand our kitchen and dining space and appreciate everyone who is helping with this project.

Our space in the old building was very crowded. Also, since starting the new group this past spring our dining space was really "bursting at the seams!"

The timbers for this project were harvested from our woodland. The timber frame type of construction closely resembles construction of campsites which the camp groups build as part of our program. Ben Shank of Hickory Ridge Timber Framers has graciously assisted us with this project.

We are very excited to complete this project and begin using the building soon! Please come visit camp so you can see for yourself. Enjoy the pictures!

## Camp Kindling .... *small pieces of camp news and needs*

 Hayloft Ice Cream Shop in Leola PA is in search of VS workers. The position is year round and includes working with the public, making and serving soft pretzels and ice cream treats, as well as the daily operations of a retail environment. This new mission supports Allegany Boys camp and has an exciting opportunity for 2 IMMEDIATE full time VS workers. Please call or email for more information.
